

NATUROPATHIC MEDICINE WEEK

October 5 – 11, 2015

Celebrate the Healing Power of Nature!

Senate Passes Naturopathic Medicine Week Resolution

The U.S. Senate unanimously passed a resolution designating October 5 . October 11 as Naturopathic Medicine Week.

The resolution recognizes the value of naturopathic medicine in providing safe, effective, and affordable health care+and encourages Americans to learn about the role of naturopathic doctors in preventing chronic and debilitating conditions.

**DR. KRASSNER IS OFFERING
10% OFF ALL NEW PATIENT VISITS
SCHEDULED DURING
NATUROPATHIC MEDICINE WEEK**

Join with naturopathic doctors, their patients, and naturopathic medical students as we celebrate Naturopathic Medicine Week! It's time to highlight a form of medicine that:

- Takes the **whole person** fully into account
- Offers **individualized** health solutions
- Treats the underlying **causes** of illness
- Emphasizes **prevention** of illness
- Uses **natural treatments** that are less invasive than conventional drugs and surgery
